

Incar - Chargers - Cigare lighter chargers and cables

WAY 10W wireless suction cup and air-vent grid jaw holder

ENJOY THE WIRELESS CHARGE WHEREVER YOUR WANT!

Recharge your smartphone very easily with this 2-in-1 induction charging stand, place it on the windscreen or on the ventilation grille, specially designed for use in the car. Simply place your smartphone on the stand to activate charging. You will no longer need to plug in your smartphone to charge it.

The holder is powered by a micro USB cable (included) connected to your vehicle's cigarette lighter charger.

This versatile support will adapt to any type of vehicle thanks to its 2-in-1 attachment, comprising a suction cup for the windscreen and an air vent attachment. You can adjust the jaw to the size of your smartphone (compatible up to 6 inches).

The 360 rotating head allows your smartphone to be tilted in both portrait and landscape mode to guarantee the best comfort.

Induction charging is compatible with all smartphones equipped with an induction receiver or a wireless charging case.
